

RESA 2
AEPA COOPERATIVE PURCHASING
LUNCH AND LEARN
May 10th – 11:30- 1:00

Nilfisk floor and surface cleaning equipment is used in all types of educational facilities around the world. We clean everything from pre-school play areas to higher education lecture halls, as well as indoor classrooms, offices, entryways, hallways, auditoriums and gymnasiums.

Nilfisk also offers outdoor applications including machines to clean parking facilities, athletic fields and sports complexes. Whatever your educational facility needs, Nilfisk is ready to offer you our commitment to superior value, reliability and efficiency.

RESA 2 offers schools and central offices the opportunity to purchase floor and surface cleaning equipment through the Association of Educational Purchasing Agencies

Nilfisk helps create a healthy environment for enhanced learning.

Join Nilfisk representatives to explore cost savings for floor and surface cleaning in schools on May 10th at RESA 2
